ERRATA

In Quigley DI et al., "Cytogenetics Caseload Survey Summary 2012" [J Assoc Genet Techn. 2012; 38(4): 199-202] it came to our attention that there is a significant error in Table 2: Reported Annual Caseload for Academic and Private Laboratories by Case Type with Range and Averages. The Academic Labs figures and Private Labs figures cited were identical. The correct Table is on page 5. Apologies for the error.

The Journal of the Association of Genetic Technologists is indexed in the life sciences database BIOSIS and in the National Library of Medicine's PubMed.
